ESSB

myBlueprint includes

All About Me (K-6)

A visual student-driven portfolio for elementary years

Education Planner (7-12+)

A comprehensive education and career/life planning tool

Course Selection

An online system for course registration and option sheets

Uses for ESSB's Needs

- Online portfolio (especially at the high school level)
- Career exploration (we don't have much career counselling services)
- Courses for which myBlueprint could be useful:
 - Financial Program sec 5
 - POP
 - WOTP
 - ACGC
 - Entrepreneurship

ESSB Pilot Project, Three-Year Plan

1. Focusing on the high school level (Education planner), 2018-2019

A, Starting with the POP class (all POP teachers invited)

B, Including five high schools (NCHS, NRHS, GPS, Evergreen, Metis) in the pilot project

C, Visiting the POP class to introduce myBlueprint during the fall in each school year to get it started.

By the end of the 3 years, all the secondary students (sec. 3-5) will have learned and been using myBlueprint.

2. Start with the “All about me” with the ACGC class (grade 5-6) at the elementary level.

Progress ongoing

1. Focus: All the POP classes in all the 6 high schools along the Gaspé coast have been visited by the end of November 2018. We worked with the teachers and students to introduce myBlueprint and to get it started.
2. At the elementary level, we visited 2 schools (SPDS, Metis) to get it started.
3. Regular support continues for both levels during the school year.

Thanks for your participation in this session!

Thanks to myBlueprint support team for their excellent, consistent service!
